MediCore

MEDSHIELD

your kind of care

# About **Medshield MediCore Benefit Optio**

You never know when you or your family member/s may require medical care or treatment and, most importantly, whether you will have funds readily available to cover the costs.

The Medshield Medical Scheme 2017 Benefits we e designed with the intent to ensure member access to quality healthcare services.

At the very least, everyone should have unlimited In-Hospital cover in case of major medical emergencies. **MediCore** offers unlimited In-Hospital cover through the Medshield Hospital Network, with certain In-Hospital procedures paid at a higher rate (Medshield Private Tariff 200%) than the Medshield Tariff (100%). This option has no Day-to-Day benefits and is ideal for young individuals

This is an overview of the benefits o fered on **MediCore option...**

## What you need to **know as a member**

- Carefully read through this guide and use it as a reference for more information on what is covered on the **MediCore** option, the benefit limits, and the rate at which the services will be covered
- All hospital admissions must be pre-authorized 72 hours prior to admission by the relevant Managed Healthcare Programme on 086 000 2121 (+27 10 597 4701)
- Your cover for hospitalisation includes accommodation, theatre costs, hospital equipment, theatre or ward drugs, pharmaceuticals and/or surgical items
- Hospitalisation is subject to the use of the Medshield Hospital Network for your peace of mind
- Pre-authorization is not a guarantee of payment and Scheme rules/protocols will be applied where applicable
- If you do not obtain a pre-authorization or retrospective authorisation in case of an emergency, you will incur a percentage penalty
- Access to certain specified benefits requires pre-registration
- Our Contact Centre Agents are available to assist, should you require clarity on your benefit

### **Your claims will be covered as follows:**

**Medicines paid at 100% of the lower of the cost**  
of the SEP of a product plus a negotiated dispensing fee, subject to the use of the Chronic DSP and Managed Healthcare protocols.

**Treatment and consultations will be paid at 100% of the negotiated fee**  
or in the absence of such fee, 100% of the lower of the cost or Scheme Tariff.

#### **Medshield Private Tariff (up to 200%) will apply to the following services:**

- Confinement by a registered Midwife
- Non-surgical procedures (Refer to Addendum B for the list of services)
- Routine Diagnostic Endoscopic Procedures (Refer to Addendum B for a list of services)

#### **Extended Benefit Cover (up to 200%) will apply to the following in-hospital services (as part of an authorised event):**

- Surgical Procedures
- Confinement
- Consultations and visits by General Practitioners and Specialists
- Maxillo-facial Surgery
- Non-surgical Procedures and tests

## The application of **co-payments**

The following services will attract upfront co-payments.

Non-PMB Internal Prosthesis and Devices	<b>25% upfront</b> co-payment
Non-PMB Specialised Radiology	<b>10% upfront</b> co-payment
Voluntary use of a non-DSP for HIV & AIDS related medication	<b>40% upfront</b> co-payment
Voluntary use of a non-DSP or a non-Medshield Pharmacy Network	<b>40% upfront</b> co-payment
Voluntary use of a non-Medshield Network Hospital	<b>25% upfront</b> co-payment
Out of formulary medication voluntarily obtained	<b>40% upfront</b> co-payment
Endoscopic Procedures (refer to <b>Addendum B</b> for list of services)	<b>R1 500 upfront</b> co-payment
Hernia Repair (except in infants)	<b>R3 000 upfront</b> co-payment
Diagnostic Laparoscopy	<b>R2 000 upfront</b> co-payment
Nissen Fundoplication	<b>R5 000 upfront</b> co-payment
Hysterectomy	<b>R5 000 upfront</b> co-payment
Functional Nasal Surgery	<b>R5 000 upfront</b> co-payment
Back Surgery	<b>R5 000 upfront</b> co-payment

***Please note: Failure to obtain an authorisation prior to Hospital admission or Surgery and/or Treatment (except for an emergency), will attract a 20% penalty.***

## **GAP Cover**

Gap Cover assists in paying for certain shortfalls not covered by the Scheme based on Scheme Rules and assistance is dependent on type of Gap Cover chosen. Medshield members can access Gap Cover through their Brokers.

## Website

### WEBSITE SERVICES

Our website is an informative, user-friendly online portal, providing you with easy access and navigation to key member related information. It features regular Scheme updates and a Wellness section which provides expert advice on maintaining a balanced lifestyle. Visit **www.medshield.co.za** for more information.

### ONLINE SERVICES

Members can register to view their medical scheme details online. The following information is available on the Medshield secure website:

- Medical scheme membership details (member and dependants)
- Claims status and details (which claims were submitted and paid)
- Savings balance
- Summary of used and available benefit

## Reporting Fraud

Fraud presents a significant risk to the Scheme and Members. Fraud can also endanger the Scheme's existence and damage its local reputation. The dishonesty of a few individuals may negatively impact the Scheme and distort the principles and trust that exist between the Scheme and its stakeholders. Fraud, for practical purposes, is defined as a dishonest, unethical, irregular, or illegal act or practice which is characterised by a deliberate intent at concealment of a matter of fact, whether by words, conduct, or false representation, which may result in a financial or non-financial loss to the Scheme. Fraud prevention and control is the responsibility of all Medshield members and service providers so if you suspect someone of committing fraud, report it to us immediately.

**Hotline:** 080 002 0800

## Complaints Escalation Process

In the spirit of promoting the highest level of professional and ethical conduct, Medshield Medical Scheme is committed to a complaint management approach that treats our clients fairly and effectively in line with our escalation process.

We take it very seriously when a customer has a poor experience or expresses any form of dissatisfaction with our service.

In the event of a routine complaint, you may call our offices at **086 000 2120** and request to speak to the respective Manager or the Operations Manager.

Complaints can be directed via email to [complaints@medshield.co.za](mailto:complaints@medshield.co.za), which directs the complaint to the respective Manager and Operations Manager. The complaint will be dealt with in line with our complaints escalation procedure in order to ensure fair and timeous resolution.

# Prescribed Minimum Benefits (PMB)

All members of Medshield Medical Scheme are entitled to a range of guaranteed benefits; these are known as Prescribed Minimum Benefits (PMB). The cost of treatment for a PMB condition is covered by the Scheme, provided that the services are rendered by the Scheme's Designated Service Provider (DSP) and according to the Scheme's protocols and guidelines.

## What are PMBs?

The aim of PMBs is to provide medical scheme members and beneficiaries with continuous care to improve their health and well-being, and to make healthcare more affordable.

### These costs are related to the diagnosis, treatment and care of the following three clusters:

CLUSTER 1	CLUSTER 2	CLUSTER 3
<b>Emergency medical condition</b> <ul style="list-style-type: none"><li>• An emergency medical condition means the sudden and/or unexpected onset of a health condition that requires immediate medical or surgical treatment</li><li>• If no treatment is available the emergency may result in weakened bodily function, serious and lasting damage to organs, limbs or other body parts or even death</li></ul>	<b>Diagnostic Treatment Pairs (DTP)</b> <ul style="list-style-type: none"><li>• Defined in the DTP list on the Council for Medical Schemes' website. The Regulations to the Medical Schemes Act provide a long list of conditions identified as PMB condition</li><li>• The list is in the form of Diagnosis and Treatment Pairs. A DTP links a specific diagnosis to a treatment and therefore broadly indicates how each of the 270 PMB conditions should be treated and covered</li></ul>	<b>26 Chronic Conditions</b> <ul style="list-style-type: none"><li>• The Chronic Disease List (CDL) specifies medication and treatment for these conditions</li><li>• To ensure appropriate standards of healthcare an algorithm published in the Government Gazette can be regarded as benchmarks, or minimum standards for treatment</li></ul>

## Why PMBs?

PMBs were created to:

- Guarantee medical scheme members and beneficiaries with continuous care for these specified diseases. This means that even if a member's benefits have run out, the medical scheme has to pay for the treatment of PMB conditions
- Ensure that healthcare is paid for by the correct parties. Medshield members with PMB conditions are entitled to specified treatments which will be covered by the Scheme

This includes treatment and medicines of any PMB condition, subject to the use of the Scheme's Designated Service Provider, treatment protocols and formularies.

## Why **Designated Service Providers** are important

A Designated Service Provider (DSP) is a healthcare provider (doctor, pharmacist, hospital, etc) that is Medshield's first choice when its members need diagnosis, treatment or care for a PMB condition. If you choose not to use the DSP selected by the Scheme, you may have to pay a portion of the provider's account as a co-payment. This could either be a percentage based co-payment or the difference between the DSPs tariff and that charged by the provider you went to.

If you choose not to use the DSP selected by your scheme, you may have to pay a portion of the bill as a co-payment.

## Qualifying to **ENABLE YOUR CLAIMS TO BE PAID**

- One of the types of codes that appear on healthcare provider accounts is known as International Classification of Diseases (ICD)10 codes. These codes are used to inform the Scheme about what conditions their members were treated for, so that claims can be settled correctly
- Understanding your PMB benefit is key to having your claims paid correctly. More details than merely an ICD10 code are required to claim for a PMB condition and ICD10 codes are just one example of the deciding factors whether a condition is a PMB
- In some instances you will be required to submit additional information to the Scheme. When you join a medical scheme or in your current option, you choose a particular set of benefits and pay for this set of benefits. Your benefit option contains a basket of services that often has limits on the health services that will be paid for
- Because ICD10 codes provide information on the condition you have been diagnosed with, these codes, along with other relevant information required by the Scheme, help the Scheme to determine what benefits you are entitled to and how these benefits should be paid
- The Scheme does not automatically pay PMB claims at cost as, in its experience there is a possibility of over-servicing members with PMB conditions. It therefore remains your responsibility, as the member, to contact the Scheme and confirm PMB treatments provided to you

If your PMB claim is rejected you can contact Medshield on 086 000 2120 (+27 10 597 4701) to query the rejection.

## **IMPORTANT TO NOTE**

When diagnosing whether a condition is a PMB, the doctor should look at the signs and symptoms at point of consultation. This approach is called a diagnosis-based approach.

- Once the diagnosis has been made, the appropriate treatment and care is decided upon as well as where the patient should receive the treatment i.e. at a hospital, as an outpatient or at a doctor's rooms
- Only the final diagnosis will determine if the condition is a PMB or no
- Any unlimited benefit is strictly paid in accordance with PMB guidelines and where treatment is in line with prevailing public practice

## Your **RESPONSIBILITY AS A MEMBER**

PMBs are very good news for Medshield members and beneficiaries and provides considerable rights as far as healthcare is concerned. However, as a member you also have certain responsibilities to ensure that PMBs work as well for you as they should.

First and foremost, educate yourself about the Scheme's rules, the listed medication and treatments (formularies) for your specific condition, and the Medshield Designated Service Providers (DSPs).

Obtain as much information as possible about your condition and the medication and treatments for it. If there is a generic drug available, do your own research to find out whether there are any differences between it and the branded drug.

- Don't bypass the system: if you must use a GP to refer you to a specialist, then do so. Make use of the Scheme's DSPs as far as possible. Stick with the Scheme's listed drugs for your medication
- Be a good consumer: ask questions and discuss your queries with Medshield. Make sure your doctor submits a complete account to Medshield. Follow up and check that your account is submitted within four months and paid within 30 days after the claim was received (accounts older than four months are not paid by medical schemes)

## The **RESPONSIBILITIES OF HEALTHCARE PROVIDERS**

Doctors do not usually have a direct contractual relationship with medical schemes. They merely submit their accounts and if the Scheme does not pay, for whatever reason, the doctor turns to the member for the amount due. This does not mean that PMBs are not important to healthcare providers or that they don't have a role to play in its successful functioning. Doctors should familiarise themselves with ICD10 codes and how they correspond with PMB codes and inform their patients to discuss their benefits with their scheme, to enjoy guaranteed cover.

### **How to avoid rejected PMB claims?**

- Ensure that your doctor (or any other healthcare service provider) has quoted the correct ICD10 code on your account. ICD10 codes provide accurate information on your diagnosis
- ICD10 codes must also be provided on medicine prescriptions and referral notes to other healthcare providers (e.g. pathologists and radiologists)
- The ICD10 code must be an exact match to the initial diagnosis when your treating provider first diagnosed your chronic condition, or it will not link correctly to pay from the PMB benefit
- When you are registered for a chronic condition and you go to your treating doctor for your annual check-up, the account must reflect the correct ICD10 code on the system. Once a guideline is triggered a letter will be sent to you with all the tariff codes indicating what will be covered from PMB benefit
- Only claims with the PMB matching ICD10 code and tariff codes will be paid from your PMB benefits. If it does not match, it will link to your other benefits, if available
- Your treatment must be in line with the Medshield protocols and guidelines

## **PMB CARE TEMPLATES**

The Scheme is required by law to establish sound clinical guidelines to treat ailments and conditions that fall under PMB regulation. These are known as ambulatory PMB Care templates.

The treatment protocol is formulated into a treatment plan that illustrates the available number of visits, pathology and radiology services as well as other services that you are entitled to, under the PMB framework. If you register on a Managed Care Programme for a PMB condition, the Scheme will provide you with a Treatment Plan.

Treatment Plans are formulated according to the severity of your condition. In order to add certain benefits onto your condition, your doctor can submit a clinical motivation to our medical management team. When you register for a PMB condition, ask for more information on the Treatment Plan set up for you.

### **The treatment protocol for each condition may include the following:**

- The type of consultations, procedures and investigations which should be covered
- These will be linked to the condition's ICD10 code(s)
- The number of procedures and consultations that will be allowed for a PMB condition can be limited per condition for a patient

The frequency with which these procedures and consultations are claimed can also be managed.

## Addendum A

### INFERTILITY INTERVENTIONS AND INVESTIGATIONS

Limited to interventions and investigations as prescribed by the Regulations to the Medical Schemes Act 131 of 1998 in Addendum A paragraph 9, code 902M. This benefit will include the following procedures and interventions:

Hysterosalpinogram	Rubella
Laparoscopy	HIV
Hysteroscopy	VDRL
Surgery (uterus and tubal)	Chlamydia
Manipulation of the ovulation defects and deficiency	Day 21 Progesteron
Semen analysis (volume, count, mobility, morphology, MAR-test)	Basic counselling and advice on sexual behaviour
Day 3 FSH/LH	Temperature charts
Oestradiol	Treatment of local infections
Thyroid function (TSH)	Prolactin

## Addendum B

### PROCEDURES AND TESTS IN PRACTITIONERS' ROOMS

Breast fine needle biops	Prostate needle biopsy
Vasectomy	Circumcision

### ROUTINE DIAGNOSTIC ENDOSCOPIC PROCEDURES

Hysteroscopy	Oesophageal motility studies
Upper and lower gastro-intestinal fib e-optic endoscopy	Fibre-optic Colonoscopy
24 hour oesophageal PH studies	Sigmoidoscopy
Cystoscopy	Urethroscopy
Colposcopy (excluding after-care)	

Embracing our members in good health, since 1968.

**Disclaimer:**

This brochure acts as a summary and does not supersede the Registered Rules of the Scheme.  
All benefits in accordance with the Registered Rules of the Scheme.  
Terms and conditions of membership apply as per Scheme Rules.
